Meredith and Seth might have never crossed paths if it wasn't for a youth retreat they both attended back in high school. One special weekend together "was all it took" for the two to click, says Meredith. Then came that unforgettable evening when Seth asked for Meredith's hand in marriage at his family home. As Meredith recounts, "There were lots of roses and happy tears." The pair were meant to wed at the Omni Houston Riverway, but an unexpected deluge forced a move to the hotel's sister property. The couple's navy, hot pink and silver wedding reception featured 6,000 pink roses provided by A Memorable Event, a stunning five-tier white and silver fondant cake, and custom-made confetti. Notes the bride, "One of my favorite moments was first stepping onto the aisle and seeing the amazing chuppah. From that moment, to the end of the evening when we were showered with custom confetti, everything was perfect."
